Learning and Development

We aim to ensure that each child:

- Is in a safe and stimulating environment,
- Is given generous care and attention, because of our ratio of qualified staff to children,
- Has the chance to join in with other children and adults to play, work and learn together,
- Is helped to take forward their learning and development by being helped to build on what they already know and can do,
- Has a personal key person who makes sure each child makes progress,

The Early Years Foundation Stage

Provision for the development and learning of children from birth to five is guided by the Early Years Foundation Stage. Playstation Pre-school's provision reflects the four overarching principles of the *Statutory Framework for the Early Years Foundation Stage (DfE 2024)*

A Unique Child

Every child is a unique child who is constantly learning and can be resilient, capable, confident and self-assured.

Learning and Development

Children develop and learn in different ways and at different rates. The framework covers the education and care of all children on early years provision including children with special educational needs and disabilities.

Enabling Environments

Children learn and develop well in enabling environments, in which their experiences respond to their individual needs and there is a strong partnership between practitioners, parents and carers.

Positive Relationships

Children learn to be strong and independent through positive relationships.

How we provide for development and learning

Children start to learn about the world around them from the moment they are born. The care and education offered by Playstation Pre-school helps children to continue to do this by providing all the children with interesting activities that are appropriate for their age and stage of development.

The areas of development and learning comprise of

Prime Areas

- Personal, Social and Emotional development
Self regulation, Managing self, and Building relationships
- Physical development
Gross motor skills, and Fine motor skills
- Communication and Language
Listening, attention and understanding, and speaking

Specific Areas

- Literacy
Comprehension, Word reading, and Writing
- Mathematics
Numbers, and Numerical patterns
- Understanding the World
Past and present, People, culture and communities, and The natural world
- Expressive arts and Design
Exploring and using media and materials, and Being imaginative.

The Early Years Foundation Stage requires that we supply parents and carers with a **Two Year Progress Check** of their child's development in the three prime areas of learning and development. Your child's key person is responsible for completing this check using information from on-going observational assessment carried out as part of our everyday practice. We keep an on-line learning journey for each child, celebrating their achievements. When your child first starts at Playstation they will be given a keyperson who will work to help settle and stay with them throughout their time with us.

Policies

The Early Years Foundation Stage statutory framework sets the standards for early years providers. It covers learning, development, health, safety and qualifications for children from birth to five. These standards are reflected in our policies.

The Committee

The Playstation is a registered charity and as such has a committee to ensure the smooth and effective running. The members of office (Chair, treasurer and secretary) are elected by the committee members at our Annual General Meeting.
